TYLER, TEXAS, TYLER JUNIOR COLLEGE, MAY 13, 1954

105 Sophomores Are Candidates For May 28, Spring Graduation

Programs For Graduation Exercises Announced

Programs for the 1954 Tyler Junior College Baccalaureate and commencement have been announced by Dr. H. E. Jenkins, president.

Both services will be held at the American Legion Hall, West Ferguson Street. The Baccalaureate services will begin at 3 p.m.

Sunday, May 23, and the commencement exercise at 8 p.m. Friday, May 28.

The invocation for Baccalaureate will be given by the Reverend J. Sherrard Rice, pastor of the First Presbyterian Church.

Dr. H. E. Jenkins, president, will introduce the Reverend Rice who will deliver the sermon.

The Reverend Leo Rudd will give the invocation for the commencement program. An address by Dr. James B. Boren, president of Midwestern University, will be given after an introduction by Dr. Jenkins.

Dean E. M. Potter will then introduce the graduating class. P. C. Pinkerton, president of the school board, will make the presentation of certificates and degrees. Special awards will be made by the Honorable Watson Wise.

Music will be furnished by the college band, directed by Edwin Fowler.

4 States, 33 Towns Listed In Group

One hundred and five students have been announced as candidates for graduation from Tyler Junior College by Mrs. Frances Flaherty, registrar.

Students taking part in the Baccalaureate and Commencement services will be:

Tyler: Associate in Arts degree: Richard E. Allen, Jane Anderson, Barbara Jo Baird, Wallace Barber, Eugene E. Barron, Beverly Birkel, Wanda Boyd, Della Jo Brock, Bobby L. Broughton, Don R. Brown, Fred S. Buchanan, Richard E. Clouse, Mary Lee Doggett, William A. Dowdy, Roddy Dunn, Glenda Grantham Rogers, Roland Head.

Dan Horton, Lloyd Lee James, William Veo Jeffus, John R. Larson, Jack Lynch, Jr., Richard A. McCarty, Billy C. Malone, Chloe Mankin, Virginia Mitchell, Ralph Norrell, Lanny Norris, Thomas R. Pledger, Ernest Reece, Jr., William Renick, Ross H. Robertson, Tommy Sawyer, Tommy Strong, Isiah B. Thompson, William F. Vick, Angus D. Walker, Robert Warren, and Joe B. Wyatt.

Associate in Science degree: Ruby Ellis, Dorothy June Murphy, Shirley Morgan, Sybil Orman, Frances Stiles, and Beatrice Thomas.

Certificate of proficiency, school of business: Joanne Dowdy, Joann Blackwell, Dardis Newsome, Frances Nichols, Gwendolyn Pietzsch, Shirley Scroggins, and Carolyn Shaw.

Palestine: Associate in Arts degree: Martha Carson.

Associate in Science degree: Mildred Sullivan.

Certificate of proficiency, school of business: Barbara Walston, Jane Caveness, Patricia Schmidt, Mary Sikes, and Barbara Travis.

Madisonville: Associate in Arts degree: Melvin H. Barrett and Joe Lindsey, Jr.

Quitman: Associate in Arts degree: Robert F. Berry, Derrell Jones, and Roger W. Walker.

Longview: Associate in Arts degree: Delphine Gibson, and L. T.

See GRADUATION, Page 8

Incomplete Means F

Any student who has an "incomplete" on any grade for the fall semester must complete it by the end of the current semester, or the grade will be changed to F. Mrs. Frances Flaherty, register, announced today.

A new tuition and fee system will be inaugurated for the 1954-55 school year. Dean E. M. Potter announced today.

In the past the basic tuition and added fees made the cost to district students above \$50 and non-district students above \$60.

The board adopted a straight rate of \$45 for district students and \$60 for non-district students.

All students except applied music students and those taking lecture courses will save about \$10.

The change adopted by the Board of Trustees at a recent meeting will simplify bookkeeping and make the work of the business office easier.

Students living out of the area can know the exact cost of a semester at TJC instead of the tuition rate and added fees.

President Jenkins Writes Guide For Evaluation Of Junior Colleges

The 600 junior colleges throughout the nation as well as some in foreign countries will have access by Dr. H. E. Jenkins, president of Tyler Junior College, and Jesse P.

to a self-evaluation guide written by Bogue, executive secretary of the American Association of Junior Colleges.

The booklet, A Guide for Self

Evaluation of Junior Colleges, was published last month by the American Association of Junior Colleges. The Association has already sent copies to every junior college in the nation and some to foreign countries.

At its annual meeting in St. Louis in March, the American Association of Colleges assumed publication of the guide from its Washington, D. C., office.

Since the publication meets a need in the junior college education field, many copies will be distributed by the national association as one of its official authoritative publications.

Included in the publication are specific items by which committees desiring to establish a junior college may find the necessary guidance and advice. Junior colleges already established may use the Guide to improve their present situation and facilities.

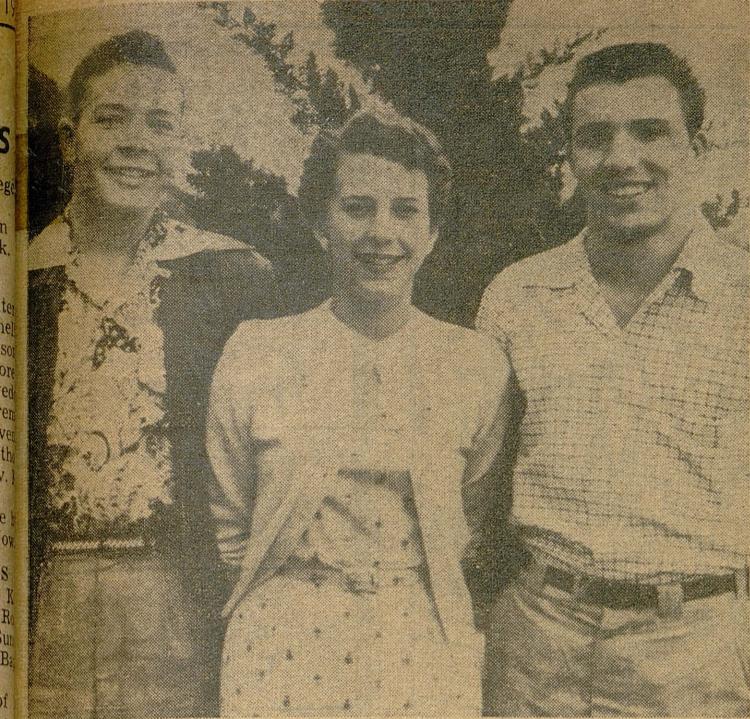

Dr. Jenkins has been president of Tyler Junior College since its separation from Tyler High School in 1946.

During that time he has been active in all junior college affairs, serving as president of the Texas Public Junior College Association, chairman of the important accreditation committee of the Southern Association of Colleges, and chairman of the curriculum of the National Association of Junior Colleges. He has also served in many other capacities in the junior college field.

Dr. Jenkins has raised the standards of Tyler Junior College to one of the top-ranking junior colleges of the nation.

Dr. H. E. Jenkins, president of Tyler Junior College

BIG THREE FOR '55—Student Council officers for 1954-55 are David Lott, president; Carlton Godfrey, vice-president; and Dixie Reece, secretary.

Student Council officers elected as a result of the "land-slide" votes cast — More enthusiasm in the campaigns, more posters, and more people voting made this the big election of the year.

Increase In Enrollment Predicted For Next Year

A 15 to 20 per cent increase in enrollment over this year for 1954-55 was predicted today by Dean E. M. Potter.

Dean Potter based his estimate on more high school seniors, more interest shown by graduating seniors in TJC, and possible annexation of two or more districts, and the smallest TJC graduating class in years.

The increased interest in Career Day and a large number of seniors indicating they will attend TJC should swell next year's total.

With Flint having already presented a petition signed by a majority of the voters in the district to be annexed to the TJC district and interest being shown at Bullard, one or both should be added by next September.

June 3 Set As Opening Session

TJC Summer School opens June 3. The second term runs from July 16 to August 26.

Registration dates are May 31, June 1, 2, for the first term and July 15 for the second.

A maximum of 12 semester hours can be made for both terms or six hours in one semester.

A partial list of courses offered includes English, government, history, math, education, music, public speaking, sciences, foreign languages, and typewriting.

Vocational subjects offered are machine shop, welding, radio repair and maintenance and auto mechanics. A charge of \$20 to \$30 a month is made for vocational subjects.

Only those courses in which twelve or more students enroll will be offered.

Since it is not possible to know in advance the courses which will have twelve or more students enrolled, the courses are not specified definitely until date of registration.

Additional information may be obtained by telephoning 4-4471 or writing Tyler Junior College Summer School, Tyler.

Your Job

Practically everyone reading the Pow Wow enjoys some part of it. But how many of you realize that there are others besides the staff and the school budget planners responsible for its publication? The advertisers.

Without advertisers no paper can hope to survive. For, as some of you do not know, putting out even a small paper like the Pow Wow costs an enormous price.

Each year a business manager is appointed to sell advertising on the Pow Wow. He contacts the various businesses to sell ads.

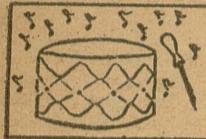

This may seem very simple but actually it is a full time job. For most businessmen seem to feel that an ad in any college paper is little more than a mere donation.

This is where you the reader can help. When you go into the stores that advertise in the Pow Wow mention the ad in our paper.

This summer why not try to make it a point to patronize the advertisers in the Pow Wow?

With more ads the staff will have more money with which to work and therefore will be able to give you a larger and more effective paper next fall.

Patronize our advertisers for a bigger and better Pow Wow in '54-'55.—FMH.

APACHE DOWNBEAT

By MIRIAM HART

"Downbeat" will at this time attempt to do something quite different — a committee of band members has chosen those whom they consider outstanding sophomore musicians in the band. These men were chosen for their showmanship as well as musicianship and individually.

In the drum section **Fred Buchanan** was named. Buchanan is a 1951 Tyler High graduate. On the football field Fred could always be seen with his sticks flying high and his beat dazzling. On the dance band-stand he was noted for his "searing cymbals and crashing beat" as it has been called.

Since the brass section is so large, two of its outstanding members were chosen; **John Thomas Knight**, trumpet, and **Dick McCarthy**, trombone.

Knight graduated from Winnboro High in 1952. Perhaps spectators in the grandstands have heard the exceptionally high yet sweet notes being hit somewhere in the band — that was Knight and his "lip of steel." Still his rendition of "Tenderly" was very smooth, proving his versatility.

McCarthy graduated from Tyler High in 1952 where he received one of the most valuable musician awards issued by the band director. Although he was not featured as a soloist during football or basketball season, the committee felt that McCarthy has been one of the players who has made the 1953-54 band the best it has ever been.

The special committee decided that one person should be chosen as an outstanding musician above all others, freshman or sophomore. Almost instantaneously it was

agreed that **Larry Alexander** be that man.

Alexander graduated from Gaston High in 1952. While a member of Apacheland he has become a composer and arranger as well as a master on several instruments — cornet, baritone, and string bass. He has made special band arrangements of "Whispering," "September in the Rain," "Constantinople," and many others. One of the numbers he composed is the intricate "Apache March."

To these four very special people a handful of Apache feathers should be given.

Needless to say however these four are not the only outstanding members of the band. There are many more who are just as qualified. One thing must always be remembered though, everyone can not be chosen as first. Also that each member of an organization is as important as the next.

Just as on a football team the quarterback could not carry the ball for a touchdown without proper backing. Neither can a soloist give a band concert without the proper musical backing behind him.

The last scheduled programs for two of TJC's musical organizations are the Baccalaureate and commencement services held May 23 and 28 respectively. The TJC choir will sing a program for both services and the band will play a short program before each service.

Every year around this time TJC loses some of her Apaches. To those I say so-long for now she begins to give final exams to her Apaches — to those I wish good luck; and she looks forward to the coming of the new freshman class next year — to those I say I'll see you next year.

**The
POW**

WOW

The Pow Wow, official newspaper of Tyler Junior College, is published every other Thursday, except during holidays and examinations, by the journalism class. The views presented are those of the staff and do not necessarily reflect administration policies of the college. Signed articles are the views of the writer, not necessarily of the Pow Wow Staff.

Letters to the editor must be signed, though initials may be used if the writer requests them.

LITTLE MAN ON CAMPUS

by Dick Bible

"Now, I don't hate ta leave these ivy covered ole halls — I just don't know how I'm gonna make a livin'."

Looking At Life

By CHARLES MOORE

Graduation is a step forward. It is a peculiar thing, though. Some welcome it with abounding joy; others are a bit sad to see it come. There is a certain excitement about it that is seldom felt in anything else.

One's feelings concerning graduation jump to and fro between joy and melancholy and wonder from past to future and back to present again.

Aside from all this, there is great significance to graduation. It is moving up the scale. Behind it lies a great deal of work and endeavor.

In front of it lies, perhaps, more work and harder endeavor.

This is one fact often overlooked. A commencement exercise is not the place to quit; it is simply the attainment of another guidepost along the way. There is no place to halt. One's goal should always be a little out of reach. In view of life's general course, what shall we finally graduate into? That depends on what we have been studying for.

If we have been students of evil, we shall be graduated from the frying pan into the fire.

But if we have sought true wisdom and genuine righteousness,

we shall attain an everlasting goal, the worth of which cannot be imagined by one less than an immortal.

What prize have we set our eyes upon? It might be well to look and see. There are values in this world above and beyond what we can see or feel or hear. These should be our goal.

Faith, honor, hope, and love are but a few. They are not easily learned; but when they are learned they are not forgotten.

We will all do well to look to the Great Teacher, and to hope that we shall finally be graduated into his kingdom.

4 Complete Ag Work

Four agriculture students are completing their work at TJC at the end of this semester.

Murel Salmon, Lum Parsons, Mathaniel Powell, and Harace Honzell will leave TJC for senior institutions this fall.

Salmon, Parsons, and Honzell plan to attend Sam Houston State Teachers College to finish their work in vocational agriculture.

Powell will enroll in East Texas State Teachers College to complete his work in vocational agriculture.

Kamel Troupe To Add New Show

Rodney Kamel, producer of Kamel Kompany Incorporated, is making plans for a new and different show to begin operation this summer.

The new show will be amateur competition open to contestants. According to Kamel it will be run like the old time amateur shows which flourished at the first of the century.

People with ample talent may enter the contest and compete for a prize the winners will receive after the judge's decision.

Kamel said, however: "The Troupe will still go on in full force. This new thing will not interfere with it. One will be a traveling show and the other will take place right here in Tyler."

"I have learned a lot in the past six months. I've made a lot of mistakes, but I've also got some good sound experience and knowledge," said Kamel.

Kamel has just completed a run of over 20 shows in this area, and plans are now in the making for something bigger.

More talent is needed to fill future shows. Anyone who wishes to try for the shows should get in touch with Kamel.

The seagoing service of British railways includes 127 modern vessels, many carrying automobiles, providing a day and night service on 14 routes to the continent carrying 17,000,000 passengers a year.

College Library Sees Changes In Past Year

By RAY LEWIS

The past year has brought many changes in TJC's library.

Additions include books, a Bible, an electric wall clock, and the Hampson Gary addition.

Several books were added throughout the year, along with gifts from many friends.

Three hundred-fifty new books were purchased, while approximately 275 books were given to the college.

Joe White, Tyler resident, gave 100 of the 275 books.

Another 100 were given by the U. S. Army Medical Department.

Bob Dark, Cotton Belt Railroad employee in Tyler, gave the remaining 75. His gift was a variety of older books. Incidentally, Dark is an amateur photographer who had several of his pictures published in the last Apache yearbook.

The 350 new books purchased by the college contained scientific books, books pertaining to journalism, biology, agriculture, literature, and fiction.

Tyler's Criterion Club presented the library with a Bible. To help those students who must keep appointments, the college installed an electric clock on the west wall.

One of the most valuable acquisitions of the year was the Hampson Gary addition. Mr. Gary's personal papers were left to the college at his death. Two glass cases at the rear of the library hold the papers.

Gary, at the time of his death,

was an executive in an import-export bank. Previously he had held diplomatic positions for the United States.

Among these papers will be found his communications with various presidents, his commission in the Army, and other papers.

The library also received the "Congressional Record" this year. This pamphlet records everything that goes on in the House and Senate.

All books were rearranged this year, with a new double row of book shelves being added.

Mrs. Johnnyc Kennedy, librarian, and her assistants were kept busy during the year moving these books.

Jerry Busby of Tyler, and Dale Stonecipher, music instructor at TJC, held music recitals this year in the library.

An art exhibit open to the public was also held over the weekend of Feb. 19, 20, 21.

The library has had a very busy year in its dual role as auditorium and library.

Schwartz Wins Scholarship

Joanne Schwartz, an ex-TJC student, has been awarded the Panhellenic scholarship award according to a report from the University of Texas. The scholarship which amounted to \$100 was awarded to Joanne, Friday, April 30.

Joanne, a journalism major, attended TJC last year where she was editor of the Pow Wow.

Freshman Belle Tryouts Planned Before Summer

Apache Belle tryouts will be held before the end of this semester for those freshman Belles returning to TJC next fall as sophomores.

According to Mrs. Mildred Stringer, director of the Apache Belles, this plan is being adopted to give each girl individual attention and speed later tryouts in the summer.

Each girl must try out separately and in groups, and will be judged on dancing ability, personality, poise, and showmanship.

Mrs. Stringer and Alfred Gilliam, dance director, will be aided in the selection of the new Belles by the 10 graduating seniors. She believes these girls with two years of experience will be well qualified to select girls that will bring honor to the group.

Approximately 25 Belles are expected to return next fall.

Knights of Sky Wanted

An Air Force ad appearing on page seven features a simple coupon in the lower right-hand corner.

The Air Force campaign now running is designed to offer an opportunity to young men facing service in one of the armed forces or to those who want a career in the Air Force.

These coupons make it easier for students interested to get additional information.

The campaign urges young men between 19 and 26½ to fill in the coupon today and learn how to become one of America's knights of the sky.

What makes
a Lucky
taste better?

"IT'S TOASTED"
to taste better!

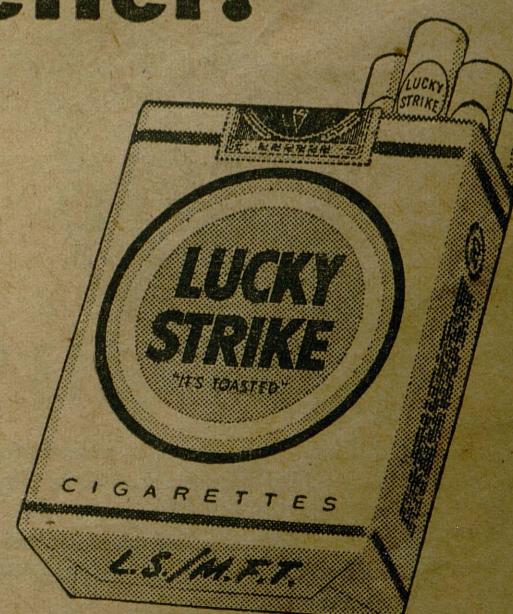

WHY do thousands of college smokers from coast to coast prefer Luckies to all other brands?

BECAUSE Luckies taste better.

WHY do Luckies taste better?

BECAUSE Lucky Strike means fine tobacco. And that tobacco is *toasted* to taste better. "*It's Toasted*"—the famous Lucky Strike process—brings fine tobacco to its peak of flavor . . . tones up this light, mild, good-tasting tobacco to make it taste even better—cleaner, fresher, smoother.

SO, Be Happy—Go Lucky. Enjoy the better-tasting cigarette—Lucky Strike.

LUCKIES TASTE BETTER Cleaner, Fresher, Smoother!

| | 8:30-11:30 | Exams for All 1:48 classes |
| | 12:45-3:45 | Exams for All 2:41 classes |

All examinations will be held in regular classroom.

Souci Formal Features Ten School Beauties And Student Council Officers

The music of the Champagne Boys in a setting of pink and silver by candlelight, the presentation of the ten 1954 TJC Beauties, and announcement of new Student Council officers made the annual Sans Souci Sorority Spring Formal one of the college's largest and most colorful affairs of the year.

The all-college Spring Formal, held Saturday night from 8 to 12 o'clock at the Cedars of Lebanon Club House, presented the ten College Beauties.

Presented were Shirley Summers, Roland Head, Sandra Evans, Mary Ann Ward, Annette Caldwell, Laura Bess Knight, Nona Lou Cook, Barbara Keeling, Jet Drobey and Sue Nelson.

The new TJC Student Council officers for 1954, revealed at the dance, are David Lott, president; Carlton Godfrey, vice-president; and Dixie Reece, secretary.

They were introduced by the present Student Council officers: David Lunceford, president; Wallace Barbee, vice-president; and Sue Nelson, secretary.

A local five-piece orchestra, the Champagne Boys, provided music. May-pole effect was achieved at the bottom of the band stand by a champagne glass entwined with pink ribbons and with three very pink elephants dancing round it. Loops of pink crepe paper and clusters of pink and silver balloons hung from the ceiling.

The beauties were presented a large tilted champagne glass sparkling with pink bubbles overhanging the sides and top of the glass.

Five of the beauties are members of the Sans Souci sorority: Oland, Carmen, Mary Ann, Laura, and Jet. The refreshment table was laid with a white cloth. Spring flowers formed the centerpiece. Refreshments were served throughout the dance.

Tables were set up along sides the walls. In the center of each as a candle set in a champagne bottle in a nest of pink angel hair. Labels for the green bottles were made especially for this dance and the sorority. Sans Souci sorority, Pink Champagne, and a

drawing of the sorority pin were inscribed in black on a background of pale pink. Place cards of pink champagne glasses further carried out the theme.

Girls serving the sorority this year in an official capacity are: Mary Lee Doggett, president; Chloe Mankin, vice-president; Bitsy Mitchell, corresponding corresponding secretary; Delphine Gibson, pledge mistress; Wanda Boyd, parliamentarian; and Roland Head, reporter and scrapbook keeper.

Jesse Edwards and Raymond Fisher, TJC instructors, chaperoned the affair.

Commencement Practice May 13

Seniors and faculty members are requested to practice for commencement Thursday, May 13, 10:15 a.m., in the gym.

Dean E. M. Potter has asked that no one ask to be excused from this practice session.

First foreign salute to American sovereignty was fired in 1776 by the tiny Dutch colony of St. Eustatius in the West Indies.

Sides Places Third In State Speech Contest

Laree Sides, TJC freshman from Tyler, placed third in the state speech contest Friday, April 9, at Temple.

"What is Right With Youth," an oration written and given by Laree, won third place in the oration contest section of the state contest. Laree, losing only to Lon Morris and Southwestern Bible Institute, Fort Worth, contended with eleven other junior colleges.

A graduate of Van High School, Laree plans to enter the university as a speech major after another year at TJC.

Laree declared in her oration that modern youth was full of faith, hope, and love. Also that it knows how to create their own happiness by having a constant supply of energy.

Students, Exes Announce Engagements, Take Vows

ANGELO-RIDDLE

Announcement has been made of the engagement and approaching marriage of Yvonne Angelo to Bill J. Riddle. The wedding will take place in late spring.

The bride-elect is the daughter of Mrs. John C. Angelo and the late Mr. Angelo. She is a graduate of Tyler High School and now attends Tyler Junior College.

Her fiance is the son of Mr. and Mrs. J. L. Riddle, 1213 Lindsey Lane. He is a junior at Hardin-Simmons College in Abilene, where both he and his bride will be enrolled this fall.

PHILLIPS-BRADLEY

Mr. and Mrs. J. L. Phillips, 501 South Baxter have announced the engagement of their daughter, Beth Fearol, to Joe W. Bradley Jr., son of Mr. and Mrs. Joe W. Bradley of Dallas.

The bride-elect is a graduate of Tyler High School and is attending Tyler Junior College.

Her fiance is a graduate of North Dallas High School and will receive his B.S. degree from Baylor University in August.

The couple has chosen August 21 as the date for their wedding.

KING-HOLBERT

Mr. and Mrs. E. B. King, 414 South Fleishel, have announced

the engagement of their daughter, Barbara Joyce, to Billy R. Holbert, son of Mrs. J. T. Holbert of Mount Vernon.

Barbara is a graduate of Tyler High School and is now a freshman at Tyler Junior College.

Holbert is a graduate of Mount Vernon High School and will graduate from Tyler Junior College this May.

The couple will be married in July.

Beautiful Campus Due To 3 Years Planning

Have you noticed how the campus is suddenly alive with newly planted trees and flowering shrubs?

Over the last three years an extensive program under the direction of Frank Baldwin, maintenance supervisor of buildings and grounds, has been in progress for the further beautification of the TJC campus.

The main building, Tee Pee, gym, and shop have been beautified by the planting of 1000 shrubs, approximately 800 bush roses, and 500 climbing roses. Those bushes were planted on the front and around the tennis courts and are certainly an addition to Tyler's claim of Rose Capital of the world.

Your Wings are your Passport

wherever you go...

Your Air Force wings are your personal passport to universal respect and admiration. They're a sign—recognized everywhere—that mark you as one of America's finest.

To wear them, you must win them... as an Aviation Cadet. They come with the gold bars of

an Air Force Lieutenant and earnings of over \$5,000 a year! They come complete with the admiration of a grateful Nation.

If you're single, between 19 and 26½, prepare to win this passport to success. Join the Aviation Cadets! For further information, fill out this coupon today.

WAGSTAFF VIEWS COMING SEASON

Apache 1954 Football Season Is Toughest Schedule Faced

By publication time of the next Pow Wow the Apaches will have begun the 1954 Football Season. They face a tough schedule consisting of nine junior colleges, the Texas Tech Freshmen, and the University of Houston Freshmen.

These are Coach Floyd Wagstaff's views for 1954.

"The first game is, at present, rated as the toughest for the year. Tyler beat Paris 20-14 in 1953 but the whole team rated Paris the best club they played. From this 1953 team, Paris has lost only two starters. They still have Jackie Weldon, a very capable quarterback, and probably the fastest backfield in the state. This will be the hardest opening game the Apaches have faced."

SAN ANGELO

"Tyler hasn't played San Angelo JC for several years. In the past Tyler has always been victorious but not without a hard fight. They have several all-state players from the Lubbock High School 1952 State Championship Team. San Angelo JC has Negro students, and a big, fast colored boy will be their fullback. They will be hard to beat in San Angelo."

EASTERN ARIZONA JC

Coach Wagstaff predicted a win for the Apaches in the Eastern Arizona JC contest. Nevertheless, Eastern Arizona is a Mormon School and the players are very close to each other. They exhibit a high spirit and a lot of fight. This could be a good ball game.

TEXAS TECH FRESHMEN

"The Texas Tech Frosh will be the opposition for the Rose Festival Game. Texas Tech has been trying for a long time to get into the Southwest Conference and thinks it might pretty soon. They are going all out for football and very likely will have a fine Freshman team."

DEL MAR

"Del Mar has beaten Tyler the past two years. Corpus Christi is another place that goes all out for

football and Del Mar always has a good team. This far along in the season the Apaches should have reached their peak of performance and it will be a hard fought contest. We certainly don't want Del Mar to extend that winning streak to three in a row."

VICTORIA

"Last year, Tyler beat Victoria, here in a non-conference tussle. This year they have a fine new coach, Rusty Russell, who is expected to help them a lot. Judging from the past games played in Victoria, they certainly will be hard to beat."

WHARTON

"Probably the second hardest game of the 1954 season will be against Wharton County JC. Next to Paris, they should be the roughest. They beat Tyler in 1952 and it will be awfully hard to beat them any time in Wharton."

PERKINSTON

"The next game will be against Perkinston, Miss. JC. During 1953, this team was rated No. 2 in the nation in the final Williamson rating. This would indicate that they will bring a fine team to Tyler."

"The University of Houston Frosh are always hard to beat. They played Tyler a hard game last year and should be even better this year as the University of Houston is continually growing stronger in football."

NORTH EASTERN OKLAHOMA A&M

"Another out-of-state opponent will be North Eastern Oklahoma A&M. This team was undefeated in regular season play and lost only in the Little Rose Bowl in California. They were rated No. 1 & 2 all last season and are certain to be rated very high this year."

"Added interest in this game is that they beat Tyler out for that Rose Bowl bid in 1953. They will bring a strong team to Tyler and this should be one of the better games of the year."

KILGORE

"The last game, as usual, will be against Kilgore JC in Kilgore. This is one game that can speak for itself. A strong rivalry between Tyler and Kilgore makes for a lot of keen interest in this game. Tyler has won the last two games but Kilgore will have a good chance to take this one. They have a good portion of their 1953 team and don't have half the job of rebuilding a team that Tyler has."

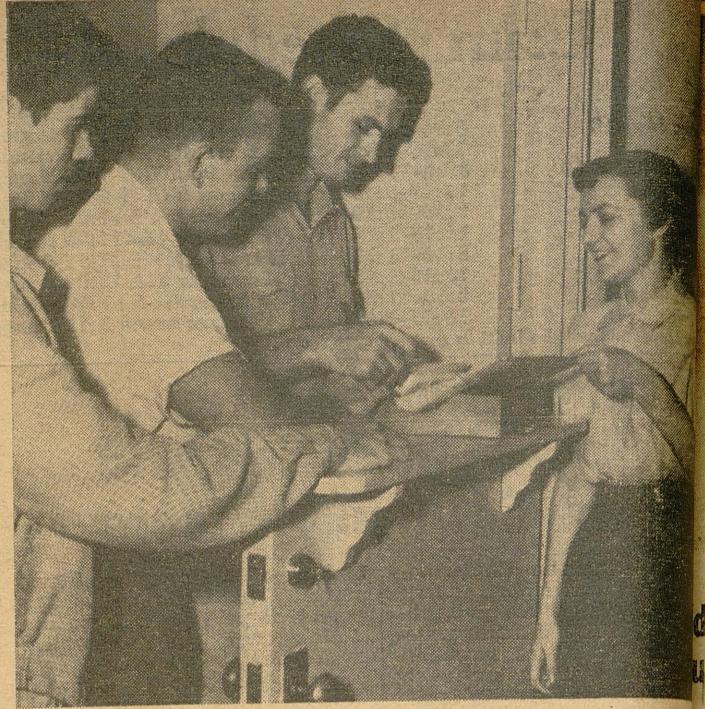

"From the above comments, one could get the idea we are crying. It is just a statement of facts. This is the hardest schedule TJC has ever faced."

"From the 1953 team we lost the first five ends, the first four tackles, the first four guards, the starting center, and the entire starting backfield. This isn't just the first team, but almost the first two teams. We will have a strong ball club but it will be made up largely of first year men. Last year's team was made up mostly of second year men who had more experience than the 1954 team will have. Considering this, along with the great individual stars, the 1953 aggregation was stronger than we can make a team in 1954."

"The Apaches will have a hard time breaking even in '54. If they win six or more games the season will be a pardonable success."

The schedule is:

Sept. 11—Paris Jr. College—At Tyler
Sept. 19—San Angelo Jr. College—At San Angelo
Sept. 25—Eastern Arizona JC—At Tyler
Oct. 2—Texas Tech Frosh—At Tyler (2:00 p.m.)
Oct. 9—Del Mar College—At Tyler
Oct. 14—Victoria College—At Victoria
Oct. 21—Wharton County JC—At Wharton
Oct. 28—Perkinston (Miss.) JC—At Tyler
Nov. 4—U. of Houston Frosh—At Tyler
Nov. 11—Northeastern Okla. A&M—At Tyler
Nov. 18—Kilgore College—At Tyler
Game time 8:00 p.m. except Oct. 2 game at 2:00 p.m.

TJC's LAST 8 O'CLOCK MAIL CALL—Norma Campbell, secretary to Coaches Floyd Wagstaff and James "Bob" Hallmark, hands out mail to athletes Bobby Williams, Bobby Caraway, and Jimmy Edelen. An approximate 50 more Apache athletes receive "mail from home" once often twice a day.

CHRISTMAS GIFT IGNORED

Well Rested Totem Pole Hopes To Make Comeback

By PATTY MATHEWS

How many of the loyal Apaches of TJC have ever really noticed the Totem Pole, standing in the corner in the library?

The Totem Pole not only represents true Apache spirit, but it is the only Christmas gift TJC has ever received from alumni. It was presented to the college by Sam Nash, cartoonist for the Tyler Courier Times in 1928.

At the time of its presentation, students and teachers were so delighted that a spontaneous pep rally was held, and for many years the Totem Pole held an honored position at pep rallies and assemblies.

Totem Poles were originally used by the Indians and placed in front of their wigwams to represent their clan, and TJC's Totem Pole was used for this purpose also. But through the years this practice has ceased until now it never leaves the library.

For those who have never noticed the Totem Pole, the figures on it tell their own story.

At the top of the pole are the Braves. Next on the pole is the Big Chief "Alcalda". Under him come sports, portrayed by a tennis racket, basketball, baseball and bat. Just below these, members of the tribe are gathered around the council fire. Next, the squaws are seen wearing their moccasins. Last of all are the freshmen represented by lonely fish swimming around the pole.

The figures tell a story of their

own, but the story the on Pole tells is one of neglect that it hasn't been kept well it has been ignored and left

while pep rallies and assembly went on without one student h

Let's hope its days of opk will soon be over and pse even next year it will be ad from its solitary corner to all school functions, as itily the past.

**Rice To Represent T
Delegate To Texas**

Ib Rice, agriculture in at TJC and Texas A. Are graduate, will represent Junior College Thursday, Iver as an official delegate to y Pauguration of David H. Morth president of A. and M. On

Morgan succeeds M. T. ton who resigned his pos to become chancellor of the M. College System. He waously dean of the college

"It would be a losing program and we would have no one to play. We might be able to secure a few games with the freshman clubs of the Southwest Conference. The best schedule, however, that we could expect to get would include only eight or ten games. We believe that interest would not be very high with only that many games."

"Another major reason for our not having a baseball team is we do not have a baseball park."

"We have not been active in track for the same reason as in baseball."

"We are inclined to believe that in the near future all Junior Col-

Tyler,

EDWIN SMYRL

Edwin Smyrl Receives Fulbright Scholarship

Edwin Smyrl, graduate of Tyler High School and Tyler Junior College and son of Mr. and Mrs. Fred Smyrl of Tyler, has received a Fulbright scholarship to do further graduate study in France. Smyrl is an instructor in mathematics at TJC.

The Fulbright scholarship is awarded to deserving students doing worthwhile research requiring foreign facilities and is given part payment for American and travel expenses. It provides traveling expenses and 490,000 francs (4400) in cash.

Smyrl's research will be done in medieval legal history.

He will be in Paris for orientation during October, 1954. He will go to the University of Caen, France, for nine months of study.

Smyrl received his BA in history from the University of Texas. He has done graduate study there. In the past two years he has been doing graduate work at Johns Hopkins University, where he held a fellowship in history.

While a student at TJC, Smyrl did proof for the Tyler Morning Telegraph. He read proof for the Texan at the University. Smyrl will sail for France sometime around Sept. 23.

Page Says TJC Drivers Are Well Above Average

Are you one of TJC's good drivers? "There are some good drivers at the college," says Harry Page of the Tyler Police Department.

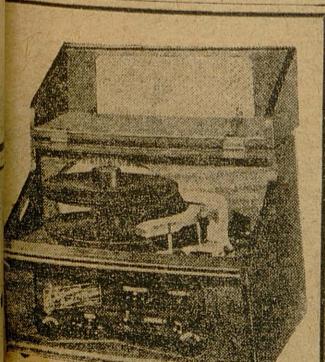

On the whole the drivers at TJC are above average, although sometimes they get a little reckless, mainly at a football parade, said Page.

Page explained that the Police department would do anything they could to help the college activities but they expect the students to co-operate with them by obeying the city's laws.

A wreck gives a lot of people business. The wrecker makes money, the car dealer makes money, the police department has work, the undertaker may have some business but you or someone else winds up holding the bag.

One point that would help improve driving is observing the speed limit.

As Page mentioned, Broadway is not a drag strip and should not be used as such.

The Dial-O-Matic is a combination radio-record changer. It plays 18 records. Does own restacking and plays again. Just push a button for replay.

Lott Heads New Council Next Year

David Lott of Fairfield will head the 1954 student council as president.

Other officers of the council elected by popular vote are vice-president Carlton Godfrey and secretary Dixie Reece, both of Tyler.

A tentative schedule of the Student Council is:

- 1) Improvement of parking facilities,
- 2) discussion of a cafeteria for student use,
- 3) continued school spirit during basketball season,
- 4) attendance of Apache Belles and Band at all out-of-town games, and
- 5) planned social program.

Spring activities would include intramural sports, baseball, softball, golf, tennis, pool, and ping pong.

The social schedule planned in advance would include: 1) formal dances, 2) informal dances, 3) school parties each week, 4) Western Week and dance, 5) Sadie Hawkins Week and dance, 6) and Rose Festival, and 7) school picnic.

President Lott is a graduate of Fairfield High School. He was among the top six in his graduating class and was voted most popular boy during his sophomore year. He lettered in football, basketball, and baseball each year in high school. He was a halfback on last year's Apache black and golds. He is a BBA major.

Vice-President Godfrey graduated from Tyler High School where he gained experience in Student Council work. He attended the Southern Association of Student Council's Convention at Miami Beach, Fla., during that time. He is a member of Kappa Sigma Lambda Fraternity and is a BBA major. He plans to attend the University of Texas.

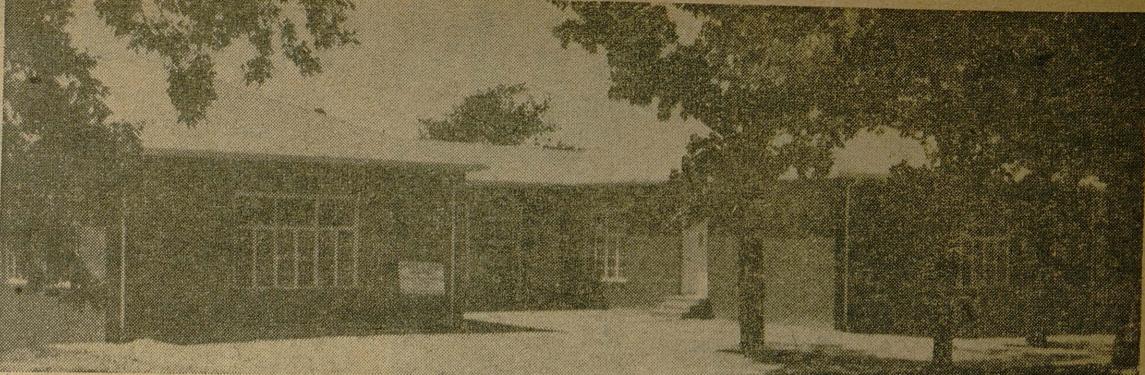

Secretary Dixie Reece is also a graduate of Tyler High School. She was a Student Council representative, a member of the Blue Brigade and Future Homemakers of America. She is a member of the Apache Belles, Sans Souci Sorority, Phi Theta Kappa. Dixie plans to attend the University of Texas and is a BBA major.

Faculty Tea Today

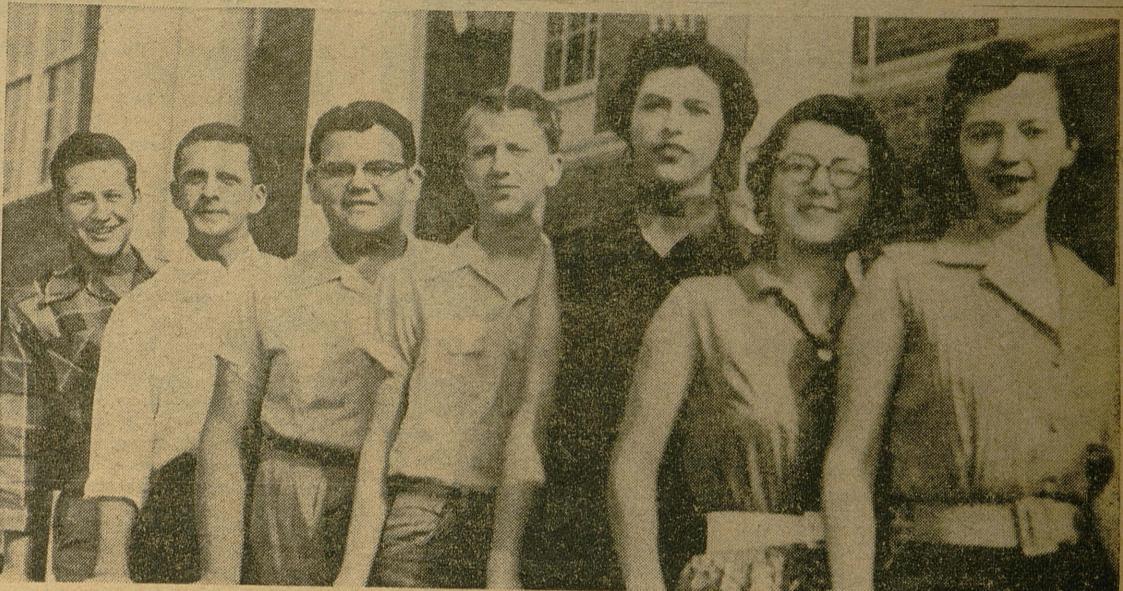

TJC Home Economics class will honor the faculty and board members at a tea in the Home Economics laboratory from 2 to 3:30 p.m. today.

Cookies, sandwiches, punch, mints and assorted nuts will be served.

The arts of jet propulsion and smoke screening were mastered by the squid and the octopus long before man ever dreamed of such things. Water squirting through funnels propels the animals, and enemy pursuers are confused by the discharge of clouds of ink.

New Baptist Student Union Building formally opened May 2. The center is located directly off the west side of the campus, open to all denominations. The building houses classrooms, offices, prayer rooms, a recreation room, lounge, library, kitchen and stage.

Members of the Apache, official yearbook of TJC, are: (left to right) Jerry Jones, Fred Buchanan, Thomas Clinton, Emmitt Williams, Frances Hart, business manager; Barbara White, and Roland Head, editor.

Apache Yearbook Due Monday, May 17

By EMMITT WILLIAMS

The Apache '54, definitely a milestone in TJC yearbooks, is due around Monday, May 17.

Roses in full color drawn by staff members, an additional 12 or 13 pages, and actual student pictures on division pages, make this year's Apache the most unusual book in TJC history.

Only 10 extra copies will be available to students or faculty members who did not place a subscription for the yearbook. An approximate 50 more yearbooks were ordered this year, but all but 10 have been sold.

The division pages of the '54 edition have full size hand-drawn roses in color. Although the rose theme is carried throughout the book, the Indian on the black and gold cover keeps it within Apache tradition. Drawings of the roses were made by Roland Head, editor; Barbara White, and Christine Korkmas.

Because of fuller coverage on the nursing department, snapshot section, Apache Belles and Band

division, organizations, and class group pictures, an additional 12 or 13 pages were added.

Students whose pictures appear on the division pages are Joyce Perry, Chloe Mankin, Bubba Harris, Barbara White, and others. Chief Winemall also appears on a division page.

This year's staff included Roland Head, editor; Martha Carson and Betty Howell, co-editors; Frances Hart, business manager.

Others on the staff were Mary Ann Ward, Joyce Perry, Ralph Norrell, Christine Korkmas, Barbara White, Jerry Jones, Talmadge Dodd, and Johnnie Morgan.

Also Martha Kay Wright, Carmen Evans, Pat Stevens, Jane Anderson, Sandra Evans, Thomas Clinton, Fred Buchanan, Emmitt Williams, Jet Drobey, Reginald Conner, and Fayrene Bryant.

Dance To Honor Graduates May 28

A semi-formal dance will be given in the Teepee immediately following commencement exercises, May 28.

Decorations with graduation motif will honor those leaving and graduating sophomores, but all students are invited.

The planning committee has expressed a desire to have faculty and administrative members drop by for a few farewell words. They are invited to bring their husbands or wives.

The planning committee is composed of Ralph Norrell, David Lunceford, and Wallace Barbee.

The decoration committee consists of Cloe Mankin, Wanda Boyd, and Sue Nelson.

Members of the refreshment committee are Bitsy Mitchell, Mary Lee Doggett, and Elizabeth Ellis.

MISS MABEL WILLIAMS

Some of the country's top engineers received their mathematical training from Miss Mabel Williams, Tyler Junior College's versatile mathematics instructor. Miss Williams handles classes in algebra, trigonometry, mathematics of finance, analytical geometry, and calculus which include approximately 100 students. Allowing for absences every student turns in an average of three daily papers a week. A little multiplication shows this amounts to 300 papers a week, each graded personally by Miss Williams and returned to students to be used as review study for hour examinations. Only her ex-students, who are using her methods and techniques, can truly estimate Miss Williams' value in dollars and "sense."

GRADUATION--

(Continued From Page 1)

Mobbs: Associate in Science degree: Helen Louise Ray.

Edom: Associate in Arts degree: Reginald Brock.

Henderson: Associate in Arts degree: Cecelia Harris and Ernest Winfrey. Certificate in proficiency, school of business: Billie M. Bassett, and Gay Jones.

Frederick, Okla.: Associate in Arts degree: Jimmy Cheatam.

Hudson, Mass.: Associate in Arts degree: Joseph N. Jacobs.

Mead, Okla.: Associate in Arts degree: Jimmy Edelen.

Jefferson: Associate in Arts degree: M. C. Akin.

Trinidad: Associate in Arts degree: Billy W. Andrews.

Chandler: Associate in Science: Ann Cason.

Bullard: Associate in Arts degree: Martha Clements. Certificate of proficiency, school of business: Barba Clyburn and Peggy Long.

Mineola: Associate in Arts degree: William Howard Wisner. Certificate of proficiency, school of business: Jane Knox.

Troup: Associate in Arts degree: Mary Clements and Betty Kee. Certificate of proficiency, school of business: Emma Collum and Sarah Salmon.

Winona: Associate in Arts degree: Richard N. Dale.

Van: Associate in Arts degree: Eugene M. Deslatte and James Russell.

Frankston: Associate in Arts degree: Elizabeth Ellis.

Rusk: Associate in Arts degree: Carmen Evans, Lena Patricia Mathews, and Billy Lum Robinson. Certificate of proficiency, school of business, Mary Bess Lloyd and Joy Halbert.

Overton: Associate in Arts degree: Horace Honzell. Certificate of proficiency, school of business: Jean Grandstaff and Shirley Stiles.

Lindale: Associate in Arts degree: Jerry M. Jones. Certificate of proficiency, school of business: Fayrene Bryant and Margaret Ford.

Grand Saline: Associate in Arts degree: Charles Moore and Donald Vickery. Certificate of proficiency, school of business: Bertha Liles.

Martins' Mill: Associate in Arts degree: Kellis G. White.

Brownsville: Certificate of proficiency, school of business, Ida Mildred Williams.

Canton: Certificate of proficiency, school of business: Wanda Key.

Ben Wheeler: Certificate of proficiency, school of business: Royce Bullard.

Alba: Certificate of proficiency, school of business: Dorothy Jane Kidd, Laree Thompson, Betty Welch; Betty Jane Hunt, Sue Ann Nelson.

Arp: Associate in Arts degree: James E. Parker and Mildred Sanders.

Jacksonville: Certificate of proficiency, school of business, Ida Mildred Williams.

Canton: Certificate of proficiency, school of business: Wanda Key.

Ben Wheeler: Certificate of proficiency, school of business: Royce Bullard.

Alba: Certificate of proficiency, school of business: Bertha Liles.

Martins' Mill: Associate in Arts degree: Kellis G. White.

Brownsville: Associate in Arts degree: Brady W. Williams.

Pecan Gap: Associate in Arts degree: Donald Woodall.

Honors Day To Become New Apache Tradition

Setting another TJC tradition last Tuesday, 74 awards were presented individually to TJC students for outstanding attainments in character, leadership, and scholarship.

The Honors Award Day, hereafter to become an annual affair, recognized 12 different groups of awards.

They were Rotary Young Citizens, Swanson essay awards, Watson Wise incentive award, Laura Greer Scholarship, Coterie award, Kiwanis, Henry King scholarship, departmental honors, all A's, Phi Theta Kappa membership, officers of Student Council, State Forensics, recognition of Dean E. M. Potter's honorary Doctor of Laws degree.

Rotary Young Citizens Award presented by Ralph Hitts Jr., manager of Hotel Blackstone, went to Elizabeth Ellis, Frankston, and Charles Moore, Grand Saline.

Dr. H. E. Jenkins, president, made all other awards.

Swanson essay awards went to Betty Howell of Van, first place for \$30; Virginia Mitchell and Monroe Clayton of Tyler, second place for \$20 each; Sue Human of

ficiency, school of business: Ann McMakin, Patricia Whatley, and Gayle Hunt.

Hawkins: Associate in Arts degree: Sue Ann Nelson.

Arp: Associate in Arts degree: James E. Parker and Mildred Sanders.

Jacksonville: Certificate of proficiency, school of business, Ida Mildred Williams.

Canton: Certificate of proficiency, school of business: Wanda Key.

Ben Wheeler: Certificate of proficiency, school of business: Royce Bullard.

Alba: Certificate of proficiency, school of business: Bertha Liles.

Martins' Mill: Associate in Arts degree: Kellis G. White.

Brownsville: Associate in Arts degree: Brady W. Williams.

Pecan Gap: Associate in Arts degree: Donald Woodall.

Phi Theta Kappa members honored were Tyler, Ke Bartos, Monroe Clayton, G Fletcher, H. B. Harris Jr., Hudleston, Tommy Jones, Newton, William Power, G. Rider, Lester E. Schenck, Marlin Smith, Wilkerson, Nancy Duckett, Anna Johnson, Dolores Maness, Emma Ray, Dorothy Jean Tesson, Katherine Wacha, and Welch.

Also Bobby Ashcraft, Fred Fehsenfeld, Troup; Sled Jackson, Chandler; Gordon

Anderson, Winona; Betty Lynn Grand Saline; Jet Drobey, Irene; Betty Howell, Van; Phil Huskey, Arp; Swanzie Nellie Van, and Wayne Turner.

Recognition of Dean E. M. Hester who will receive the Doctor of Laws from East Baptist College, June 2, was made.

Student Council President David Lunceford presided at the assembly. Rabbi Harvey E. made the Honors Day
